

Learn and create with ChatGPT

Choose a purpose. Replace the brackets. Try one prompt.

Build a study plan

Turn a deadline into a manageable study schedule.

STARTER PROMPT

@College Student Create a study plan for my [subject] exam on [date] using my syllabus and available study time. Prioritize topics and include practice.

Create a learning companion

Get unstuck with questions, hints, and guided practice.

STARTER PROMPT

@College Student Help me understand [topic] using my course notes. Ask one question at a time, wait for my attempt, and guide me with hints.

Strengthen a draft

Find a useful revision while keeping your own voice.

STARTER PROMPT

@College Student Review my draft against [assignment/rubric]. Flag one priority for improvement, then ask me to revise it. Keep the writing and decisions mine.

Build a pitch website

Make a project idea tangible so others can try it.

STARTER PROMPT

@Sites Build a private pitch website for [idea] from my project brief. Explain the problem and solution, add [an interactive demo], and flag assumptions for me to test.

Build an interactive learning site

Explore a concept by building, testing, and explaining it.

STARTER PROMPT

@Sites Help me build an interactive learning site about [topic] from my course notes. Add [a model or simulation] and practice questions. Ask me to explain and check the content.

Make it yours Add your course, goal, and materials.

Follow your course's AI guidance. Check the result and decide what to use.

Try a demo

Use the matching color and starter prompt on page 1.

01 Build a study plan

Try it Use the study-plan prompt on page 1. Add your exam date, course topics, and available time. Adjust the plan, then choose a first step.

Check Does the plan fit your time and include practice?

My subject and deadline	
My first step and when	

02 Create a learning companion

Try it Use the companion prompt on page 1 with a topic and a short course excerpt. Answer one question before asking for a hint. Explain the idea again.

Check Can you explain it in your own words?

The topic I want to understand	
What I can now explain	

Try a demo

Use the matching color and starter prompt on page 1.

03 Strengthen a draft

Try it Use the review prompt on page 1 with your draft and assignment criteria. Choose one useful suggestion and make the revision yourself.

Check Does the change improve your writing and meet the criteria?

One change I chose	
Why it improves my draft	

04 Build a pitch website

Try it Use the pitch prompt on page 1. Describe your idea, audience, and what visitors should try. Open the preview, test the interaction, and request one improvement.

Check Does the site match your brief? Which claims need evidence?

My idea and audience	
One thing I tested or will improve	

Try a demo

Use the matching color and starter prompt on page 1.

05 Build an interactive learning site

Try it Use the learning-site prompt on page 1 with one concept and your notes. Try the model or simulation, answer a practice question, and request one improvement.

Check Does it work? Can you explain the concept and verify the content?

The concept and interaction	
What I tested and learned
