

CALHOUN COUNTY CONTINUUM OF CARE

What is the Continuum of Care (CoC)?

United Way of South Central Michigan leads the Continuum of Care (CoC) collaborative for Calhoun County, partnering with member organizations to streamline funding requests and coordinate services related to homelessness. UWSCMI took on leadership of the network in 2024.

Our Calhoun Continuum of Care:

- Partners with our members to increase coordination and find solutions to the gaps, inequities, and challenges they experience when working to reduce homelessness.
- Measures and analyzes data to ensure accountability throughout the system of services for those experiencing homelessness.
- Writes, maintains, and monitors a community-developed, countywide, 10-year Plan to End Homelessness as mandated by HUD.
- Administers state and federal funding streams that mandate the use of the CoC structure.

2025 PIT & HIC Highlights

- Total Persons Counted: 212
- Total Sheltered Persons: 175
 - Total persons in emergency shelter: 136
 - Total persons in transitional housing: 39
